ABOUT US

Scientific Precision, Global Exposure, Trusted Sourcing.

Benchmark International is a premium agro-export company driven by global exposure, scientific precision, and an uncompromising commitment to quality.

Founded by Mehul Malaviya, a qualified Microbiologist, the company combines academic exposure in the USA (2007–2011) with more than 16 years of hands-on laboratory and quality management experience in Ahmedabad, India.

Located near key agricultural and agro-processing regions of Western India, Benchmark International connects trusted Indian sourcing with the quality expectations of global buyers.

We do not simply trade products. Every product is approached with attention to purity, hygiene, consistency, and technical compliance.
